

THE LEGACY OF BENESSERE

Benessere is inspired by the legacy of architecture that's almost two millennia old. But don't worry your palatial retreat will be ready in 2023 as we have our own legacy and reputation of timely delivery to preserve.

THE ARCH OF TRIUMPH

Romans celebrated their victories by building arches of triumphs. Benessere has more than 1000 arches to celebrate life every single day.

The fact that the arches still feature heavily in bridges and large structures is because of the natural curve of the arch which has the ability to dissipate the force outward, greatly reducing the effects of tension on the underside of the arch.
