

LUMENA ALTA

BY OMNIYAT

A wide-angle photograph of the Dubai skyline at sunset. The sun is low on the left, casting a warm orange glow over the city. The Burj Khalifa is the tallest building on the left. To the right, two modern skyscrapers with curved, metallic facades are highlighted with a white wireframe overlay. The foreground shows a dense residential area with many small buildings.

Dubai has cemented its position as the Middle East's premier commercial hub over the past 5 years, fuelled by record levels of foreign investment, progressive business reforms, and an unprecedented wave of new company formations across technology, finance, and legal sectors. As global enterprises, hedge funds, and high-growth start-ups establish their regional headquarters, demand for prime commercial space is accelerating.

OMNIYAT is transforming Dubai's commercial skyline - growing not only in height but in stature. A new generation of luxury commercial real estate is emerging to serve global occupiers seeking architectural statements, world-class amenities, and strategic connectivity. Iconic developments are redefining the city's landscape, standing as beacons of innovation for the world's most influential businesses.

Following the successful sell-out of LUMENA by OMNIYAT, Dubai's latest ultra-luxury commercial tower at the gateway to Business Bay, OMNIYAT's boldest commercial vision is set to ascend.

Rising directly across from LUMENA, Dubai welcomes a landmark conceived to carry the future skyward. Standing taller, glowing brighter, and ascending higher, it carries the inevitable power of a new dawn upon the city.

OMNIYAT's next commercial masterpiece is now ascending in harmony with a world-class hotel, uniting enterprise, connection and hospitality into one seamless architectural vision to elevate life itself.

LUMENA ALTA

BY OMNIYAT

A name that rises as it is spoken.

LUMENA ALTA does not merely describe height; it becomes it. Its upward motion mirrors the architecture of the tower itself. Few names unfold with the limitless lightness of the sky, the reach of infinite horizons, and the promise of rise in the very same breath. Its vowels open, its cadence lifts, and the light stays with you.

LUMENA ALTA stands alongside LUMENA at the heart of Dubai's urban future, positioned at the gateway to Business Bay, the city's district of enterprise, culture, and ambition.

BORN TO ASCEND

Rising 380 metres above the city, LUMENA ALTA is a living sculpture of light and movement. Conceived for global visionaries who define the future of business and culture, this next-generation mixed-use icon unites luxury commercial, residential, and lifestyle spaces within a single, soaring masterpiece.

The building arcs outward like a movement suspended in time. The tower's graceful, spiralling façade sets a new architectural benchmark for Dubai. Every curve of its dynamic form is designed to capture and refract light. By day, the tower gleams with radiance. By night, it glows as if lit from within, a luminous instrument written into the skyline. Its aerodynamic geometry speaks of progression and ambition translated into form, a landmark designed to endure as sculpture upon the horizon.

A SYMPHONY WITHIN

The ascent of LUMENA ALTA continues within. Triple height arrival halls rise with sculptural authority, setting a first impression that is grand yet unmistakably refined. Lounges and upper-level terraces extend the experience, drawing the city upward into the tower.

Workplaces are crafted as platforms for focus and influence,
private suites balance refinement with discretion, and
elevated retreats offer moments of repose above the city.

What emerges is not a collection of offices, but an
unfolding sequence that elevates daily life into something
more resonant. Within LUMENA ALTA, the interior becomes
stage, setting, and statement.

FIVE-STAR LIFESTYLE HOTEL

Crowning the tower, LUMENA ALTA's Sky Hotel features a triple-height sky lobby carved by the twisted façade, with panoramic views of Burj Khalifa and the Arabian Gulf.
