All residences feature expansive interiors designed for comfort and flexibility. Twin villas are distinguished by refined architectural walls, while townhouses extend living spaces outdoors with private areas to both the front and rear, creating homes well suited to family life.

MAISONETTES

The maisonettes are multi-level residences ranging from two to four bedrooms, designed to offer privacy and a seamless connection to the outdoors.

Each home enjoys open views across the landscape, while ground-floor residences open onto private gardens, extending the living experience beyond the interior.

APARTMENTS

The apartments range from studios to three-bedroom residences, offering generous interiors designed for flexibility and everyday living.

Positioned along the canal promenade, with retail and cafés, the residences enjoy an open relationship with water, light and daily life, creating a calm living environment shaped by views, movement and atmosphere.
